

Hot Weather Policy for Rockit Performing Arts

Rockit Performing Arts has established the following policy to manage the health and safety of students, families, and staff on hot days. Parents are requested to check temperatures on the Bureau website. Class closures will be confirmed via a social media post or text.

Temperature Guidelines

- 33 degrees Celsius and above - **STUDIO CLOSED:** All classes and services operating from the studio will be cancelled. Students are permitted to attend make-up classes (within their same age range) on another day. There will be no reimbursement of fees for class cancellations due to heat, as this policy is in place to ensure the safety of everyone, including students, staff, and families.
- 0 to 32 degrees Celsius - **Open:** Classes and activities will run as normal. Students must bring a bottle of water.

This policy aims to prioritize the well-being of all participants during extreme weather conditions.
